COLLECTIVE AGREEMENT WITH
IRONWORKERS, LOCAL 97

Dear Member:

RE: Wage Package Increases Effective November 1, 2009

The Wage Package for Commercial and Institutional work will increase by a total of fifty cents (\$0.50) effective November 1, 2009. Twenty cents (\$0.20) of this will be added to Pension contributions. The Journeyman wage rate will increase from \$30.20 to \$30.46.

The Industrial Wage Package will increase by seventy-five cents (\$0.75) effective November 1, 2009. Again, twenty cents (\$0.20) will go to Pension contributions. The Industrial Journeyman wage rate will increase from \$31.54 to \$32.03.

Recently Local 97 sent out detailed information regarding the changes coming into effect on November 1, 2009. CLR confirms that the rates (Journeyman, Foreman, Apprentices, Fund Contributions and Deductions) are correct.

Please call the CLR office should you or your payroll department have any questions concerning the wage package amendments effective November 1, 2009.

Yours truly,

M.J. Burgess
Director, Arbitration & Special Services
