CLAUSE 10.09 - STATEMENT OF INTENT

For purposes of clarification, the following interpretations should be understood:

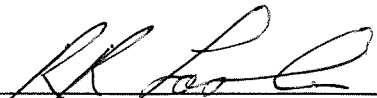

- (a) absences or lateness due to illness, accident, injury or other valid reason as authorized by the Employer will not affect the accumulation of full consecutive working days as defined in this clause.
- (b) a single, minor lateness will not affect the accumulation of full consecutive working days as defined in this clause.
- (c) once eleven (11) full consecutive working days have been accumulated, those days cannot be wiped out by a violation of the clause between 12 and 22 full consecutive working days (that is, the count would begin at 11 days rather than 0 days in the event of a violation)

It is intended that the Contractor should exercise discretion in the application of this clause to consider unavoidable problems as encountered by responsible Union members who are not specifically outlined above.

The increasing costs of providing benefit plan coverage to employees governed by this Agreement is a concern to the parties. Improving economies of scale may be one possible means of limiting this increase in the future. Therefore, the parties agree that a subcommittee of CLR and the BCBCBTU shall be established to investigate both the advantages and the disadvantages of developing a union construction industry benefit plan. The subcommittee shall be authorized to bring forward recommendations, and such recommendations shall be subject to ratification by the parties. The foregoing shall not be interpreted to mean that any individual constituent union of the BCBCBTU would be required to participate in a union construction industry benefit plan, even if recommended by the subcommittee.

**DRUG & ALCOHOL ABUSE
STATEMENT OF POLICY**

- Where a pattern of chemical dependence is suspected or apparent and documented;
- And where the problem is affecting the Member's ability to do his assigned job;
- And where it may affect the safety of that or other tradesmen on that job;

The Union office will address the situation with that Member.

The discussion will be CONFIDENTIAL, NON-THREATENING AND SUPPORTIVE.

The Member in question will, at the initial discussion, be made aware of the Union's concern and a suggestion made that he or she seek help for the problem through the Rehabilitation Plan or any other resources at his disposal. The Member then has his choices. At this point, a time frame to effect a change in the pattern will be contracted with the Member.

Given a fair time allowance with no significant change in behaviour or a worsening of the situation, the Mandatory Referral process will take place. The Member will be re-confronted and informed that unless treatment is sought, dispatch privileges (may) will be revoked until there is evidence that the addiction had been dealt with in a recognized treatment process or facility.

Further information can be obtained from the office of the
CONSTRUCTION INDUSTRY REHABILITATION PLAN
Telephone (604) 521-8611

In addition to their present Drug and Alcohol Policy, the parties to this agreement agree with the principles of the 2005 Canadian Model for Providing a Safe Workplace - Alcohol and Drug Guidelines and Work Rule (except the provisions dealing with pre-employment and random testing) (the "Canadian Model").

The parties are aware that BCBCBTU and CLR have formed a committee to examine an industry-wide drug and alcohol policy (the "Joint Policy"). If and when that committee recommends adoption of a policy, the parties agree to meet to consider replacing the Canadian Model with the Joint Policy.
