For Local Residents, kilometres shall be paid from the boundary of the free zone around the project. Workers employed by any Contractor within an identified free zone who reside outside of that same free zone will be paid according to the kilometre chart from the project to their residence less thirty (30) kilometres. The project must be within the one hundred and twenty (120) kilometres zone as outlined in the definition of a Local Resident.

Local Resident

A Local Resident shall be defined as an employee having resided at a permanent address within one hundred and twenty kilometres (120 km) of the job for a period of not less than 90 days prior to the commencement of the project. Once the employee has exercised such option, no change shall be permitted unless agreed to by the Employer.

This option is restricted to Local Residents regardless of whether the accommodation is a camp, hotel, motel or similar.

10.08 Employees required to change locations within regular working hours shall be paid as if working and if using their own vehicle, shall be paid an additional thirty-eight cents (\$0.38) per kilometre to the new location. If this change of location via his/her own vehicle requires that the employee finish a shift in a zone other than that which he/she started in, he/she shall also be entitled to one-half (½) of the daily zone premium of the highest paid zone involved.

10.09 Should the Employer move employees from one out-of-town job to another in the same geographical area, travel time will be paid as if working, provided that the move is made during the work week.

If the move is made to a different job and different accommodation after a weekend break where the employees have returned home, then **Clause 9** shall apply (as for a new job).

It is understood that the Union recognizes the following exceptions:

CLAUSE 18 – GRIEVANCES

- 18.01** The purpose of this clause is to provide for the final and conclusive settlement, without stoppage of work, of all disputes between the persons bound by this Agreement respecting its interpretation, application, operation or alleged violation. This includes the question of whether the Employer has disciplined or dismissed an employee for just and reasonable cause and whether a matter is arbitrable.

- 18.02** If a dispute arises, the parties agree to the following grievance procedures:

Step 1 The employee or the worker's Union representative shall discuss the dispute with an authorized representative of the Employer. This step will be taken within fifteen (15) working days of the event giving rise to the dispute being known. Where the dispute involves a failure to pay wages or remit funds or deductions on behalf of employees, this time limit does not apply.

Step 2 Failing a settlement at Step 1, the grievance will be set out in writing and delivered to the Employer within fifteen (15) working days of the completion of Step 1. 18.03 Where either party to this Agreement disputes the general interpretation, application, or alleged violation of this Agreement, or an alleged violation affects more than one employee; either party may initiate a policy or group grievance within thirty (30) working days of the occurrence giving rise to the grievance being known. Such grievance will be initiated at Step 2.

18.04 All grievances submitted to arbitration under this clause shall be adjudicated by a single arbitrator who shall be selected on a case-by-case basis by mutual agreement of the parties. Such mutually agreed modifications to the **Collective Agreement** shall be by **Letter of Understanding** and may be for one project, for a type of work, for a specific area or for a specific period of time.

The parties will establish workable procedures for the drafting of such **Letters of Understanding**.

Any problems or disputes arising out of the interpretation of this **Enabling Clause** will be dealt with by the enabling committee.

- 22.04** The Union wishes to protect and advance the interests of its members by obtaining more work for them.
- 22.05** **Clause 21** of the **Standard Agreement** allows for mutually agreed upon modifications.
